

# Heavy Duty Diesel Oils

---

Years of extensive testing and proven performance stand behind every drop of our extra heavy duty engine oils. The additive systems used in our formulations have withstood years of field testing in all kinds of extreme conditions. We know that your truck fleet is a large investment; one that requires the best protection possible. Ring-Free oils meet or exceed the requirements of engine manufacturers like Cummins, Detroit Diesel, Caterpillar, and Mack; names that define diesel engine technology. Give your engine Ring-Free, a trusted name in lubricants for over 70 years.
